MISCELLANEOUS.

[3536]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 21st day of October, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

ON A REPORT, dated 9th October, 1896, from the Acting Minister of the Interior, stating that by Order in Council of the 17th August, 1889, the Minister of the Interior was authorised to take the necessary steps to convey to the Government of British Columbia Dominion lands not to exceed 45,037 acres in extent, known as the "Sumas Dyking Lands," so soon as a description of the lands to be so conveyed was furnished.

The Minister further states that a copy of this Order was communicated to the Government of British Columbia, and the Lieutenant-Governor stated that a schedule of the lands required to be conveyed to the Province had been prepared and approved by the Agent of Dominion Lands in British Columbia and the Surveyor-General (of British Columbia), and he confirmed the approval of the said schedule. On examining this schedule, it was found that part of the lands required by the Province were not so described that they could be identified, and in consequence the Minister of the Interior was unable to take the steps contemplated by the Order in Council of the 17th August, 1889, to transfer these lands, but they have since been dealt with or granted, and many of the lots surveyed by the Province.

The Minister also states that copies of the field-notes of these surveys having recently been made by an employee of the Department of the Interior, and some additional information having been furnished by the Deputy Commissioner of Lands and Works of British Columbia, the lands in question may now be described. Two of the lots in Township 16, east of the Coast Meridian, applied for by the Province, containing together 152 acres, have been patented as homesteads to E. B. Ackerman and cannot be transferred. On the schedule accompanying the Order of the Lieutenant-Governor in Council of the 4th December, 1889, the name of E. B. Ackerman appears as the Provincial Grantee of the two lots in question.

The Minister, in order to close this transaction, recommends as follows:—

1. That the lands described in the schedule herewith, amounting to 44,902.2 acres, which are believed to be the lands required by the Province, be vested in Her Majesty for the purposes of the Province of British Columbia, under the provisions of the Act 52 Victoria, chapter 7.

2. That the surveys of the said lands which have been made under the authority of the Province be accepted.

3. That the Dominion shall agree to accept any survey of such of the said lands as are now unsurveyed which may be made under authority of the Province, provided that the Province shall furnish copies of the plans and field-notes of such surveys within three months after the receipt of such plans and field-notes by the Department of Lands and Works of British Columbia.

4. That surveyors employed by the Dominion be authorised to survey such of the boundaries of the said lands as they find unsurveyed and that the Province shall agree to accept such surveys provided copies of the plans and field-notes be furnished within three months after the receipt of the same by the Department of the Interior.

5. That all surveys of the said lands, whether made under the authority of the Dominion or of the Province, be subject to the correction of any gross errors (if any) that may be discovered.

6. That the concurrence of the Lieutenant-Governor in Council be asked in the proposed arrangements.

The Committee, concurring in the above, advise that a certified copy of this Minute, if approved, be forwarded to the Lieutenant-Governor of British Columbia.

JOHN J. McGEE,
Clerk of the Privy Council.

A BY-LAW

To enable the Corporation of the Municipality of the District of North Vancouver to raise by way of loan the sum of two thousand two hundred and fifty dollars, for the purpose of subsidising by way of bonus annually for three years, commencing from the second day of January, 1897, such a line of steam boat or steam boats as shall establish a ferry between North Vancouver, a port of call within the limits of the said Municipality, and the City of Vancouver, a port of call without the limits of the said Municipality.

WHEREAS, it is deemed expedient in the interest of the said Municipality and the encouragement of trade, that a ferry should be established between North Vancouver, a port of call within the said municipality and the City of Vancouver, a port of call without the said municipality, for the conveyance of passengers and freight to and fro; and whereas, it is deemed advisable that the corporation of the said municipality should contract with some person or persons, body or bodies corporate, for the establishment of a suitable line of steam boat or steam boats for the above recited purpose, for the duration of three years from the second day of January, 1897, on the conditions hereinafter contained.

And whereas, it is necessary and desirable to raise or borrow the sum of two thousand two hundred and fifty dollars for the purpose of paying annually for the period of three years the sum of seven hundred and fifty dollars by way of bonus, to some person or persons, body or bodies corporate, for the purpose of subsidising as aforesaid such a line of steam boat or steam boats as shall establish a ferry between North Vancouver, a port of call within the limits of the said municipality, and the City of Vancouver, a port of call without the said limits, and in order to do so it will be necessary to issue debentures of the corporation or municipality of the District of North Vancouver for the sum of two thousand two hundred and fifty dollars, such debentures to be issued and payable with interest as hereinafter provided, that is to say, that the sum of seven hundred and fifty dollars, being one-third of the sum of two thousand two hundred and fifty dollars for which the said debentures are first authorised to be issued, shall be borrowed or raised on the second day of January of each and every year for

the said period of three years, commencing on the second day of January, 1897, from any person or persons, body or bodies corporate, who may be willing to advance the same, or from the said corporation of the said municipality payable out of its ordinary funds, upon the credit of a debenture or debentures issued for a like amount, payable with interest at six per cent. on the 31st day of December of each of the said three years.

And whereas, it will be requisite to raise annually for three years, commencing from the said second day of January, 1897, by special rate, a sum of seven hundred and fifty dollars for paying each year a sum of seven hundred and fifty dollars as aforesaid, being the portion of one-third amount falling due each year respectively of the amount hereby first authorised to be raised or borrowed on the credit of the said debentures so issued as aforesaid, and the additional sum of forty-five dollars for paying the interest at the rate aforesaid during the currency of each debenture.

And whereas, the amount of the whole ratable property of the Corporation of the Municipality of the district of North Vancouver, according to the last revised assessment roll, amounts to eight hundred and sixty-two thousand and fourteen dollars and eleven cents; and whereas, to provide for the payment of the said principal sum of two thousand two hundred and fifty dollars as aforesaid, by the annual payment for three years as aforesaid of seven hundred and fifty dollars and interest as aforesaid, it will require an equal annual rate of one mill on the dollar, in addition to all other rates, to be levied each year for paying the debt and interest of the said municipality.

Be it therefore enacted by the Reeve and Council of the Corporation of the Municipality of the District of North Vancouver in Council assembled, that—

1. It shall be lawful for the Reeve of the said Corporation and the Clerk of the Municipal Council thereof to borrow or raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same, or from the said corporation, payable out of its ordinary revenue upon the credit of the said debentures hereinafter mentioned, a sum of money not exceeding the sum of two thousand two hundred and fifty dollars for the purpose and objects above recited, and to issue on the second day of January in each year, for the space and duration of three years commencing from the second day of January, 1897, any number of debentures of the said Corporation to the amount of seven hundred and fifty dollars, being one-third of the amount first authorised by this by-law to be so raised or borrowed, in sums as required of not less than one hundred dollars each, said debentures to be sealed with the Corporate seal and to be signed by the Reeve and Clerk.

3. The said debentures shall bear interest at a rate not exceeding 6 per cent. per annum, and have attached to each debenture so issued a coupon or coupons for the payment of the said interest at rate aforesaid.

4. There shall be raised and levied for the space and duration of three years from the said second day of January, 1897, by special rate on all the ratable property of the said Corporation, the sum of seven hundred and fifty dollars for the payment of each debenture or debentures, and the additional sum of forty-five dollars for the payment of interest at the rate aforesaid, both said sums as to principal and interest falling due on the 31st day of December in each year respectively for the said three years, being an equal special rate of one mill on the dollar in addition to all other rates to be raised, levied and collected during the currency of said debentures.

5. It shall be lawful for the said Municipal Council from time to time to purchase any of the said debentures upon such terms as may be agreed upon with the legal holder or holders thereof, or any part thereof, either at the time of sale or any subsequent time or times, and all such debentures so purchased shall be forthwith cancelled and destroyed and no re-issue of debentures shall be made in consequence of said purchase.

6. The establishment of such steam boat line or lines for the purpose hereinbefore in this by-law mentioned and recited, must be commenced on or before the second day of January, 1897, and continue in full operation or effect during the said term of three years, in accordance with the terms and conditions of a contract to be hereinafter entered into and completed between the persons or bodies corporate establishing such steam boat lines as aforesaid and the Corporation of the said Municipality; and, further, this by-law is passed upon the expressed condition that a failure to observe the time limit as aforesaid and to be embodied in said contract to be entered into shall render this by-law void.

7. This by-law shall take effect on the tenth day of December, 1896.

8. Before the final passing hereof this by-law shall receive the assent of the ratepayers of the Corporation according to the provisions and in the manner prescribed by the "Municipal Clauses Act, 1896."
